

## MOBILEQUOTE NOW AVAILABLE WITH LIFE CHOICE UL™

TO: LEGAL & GENERAL AMERICA GENERAL AGENTS  
FROM: FRANK GENCARELLI, SVP, DISTRIBUTION & MARKETING  
DATE: MARCH 30, 2011

Legal & General America has pioneered mobile quoting applications. MobileQuote has been providing you term quotes that can be accessed anywhere and anytime from your smartphone. Now, you can use this same tool to find out what it would cost for lifetime coverage.

Life Choice UL is now available on MobileQuote. When you choose lifetime on the Coverage Duration screen, the resulting quote will show the Banner or William Penn Life Choice UL level premium that provides coverage to age 121.

From the quote screen you can email the results and / or click to continue and logon to e-Link™, our online AppAssist® tool that enables you to initiate a request for a life insurance interview. As announced last week, AppAssist processing is available for Life Choice UL.

If you have already set up MobileQuote on your smartphone, open it now to see the new lifetime coverage option.

If you are ready to get started with MobileQuote, follow these simple steps.

**From iPhone or iPad:**

Search for Legal & General or MobileQuote in the App Store and download the app.

**For Droids and BlackBerrys:**

Enter the following address and add to your bookmarks.
